

## **You're Invited: CommBank's GP Insights Roadshow 2023**

CommBank Health is proud to present the release of our annual CBA GP Insights Report. The outstanding level of care provided by Australia general practitioners is widely acknowledged, any they continue to play an outsized role in public health outcomes. Despite financial pressure and a shortage of healthcare professionals, GP are finding new ways to do more with less. Our new report examines how practices are addressing these issues and their predictions for the future.

As part of the release of the report, CommBank Health will be bringing together a range of industry representatives as part of a roadshow series, to deliver the findings of the report, as well as discuss current trends and opportunities in the market. We welcome you to join us for this presentation, panellist Q&A session and the opportunity for a networking breakfast, all filled with valuable insights which could assist your business on the path to success.
